2. Recognition of City Employees.

Manager Aldrich Memo. On Sunday, November 4, 2018, the City had a water main break that could have resulted in a huge problem had it not been for a water employee who was at the plant and noticed on the computer that something was happening out in the system. Because of her quick action in calling Corey, the problem was located and repaired. Another employee was also crucial in realizing the urgency, and in locating and repairing the break.

Corey would like to recognize these employees for their excellent service to the City of Manistique and our water users.

Corey Barr and Mayor Perilloux presented City employees Rebekah Weber and Brad Carlson with a certificate of achievement for being very professional and displaying great urgency in analyzing the problems and putting the correct action plan in place.
