Discussion

Yes-Rohde, Ecclesine, Johnson, Perilloux, Shiner
No-None

C. New Business

1. Citizen Comments

- Paul Walker-Elk St, Manistique Michigan

2. Update on River Crossing Project

Core Barr:

- Since 1988 we have been separating sewers
- We just finished Cherry, Oak and Range Streets
- We use peek and long-term low to measure results of the separations, and they are working

CSO Phase 2 will be starting next year. There will be three contractors: C2AE, Treatment Engineers and Coleman Engineering.

The current siphon was put in, in 1951-1952 and was not set at the proper depth on the wastewater side and lets sediment in, we will be relocating the new siphon downstream and it will be bored in 6 feet deeper.

The new Headworks pump system will be in a new building between the river and existing plant. The new pipe will come across the gravel parking lot, this will not affect any streets Currently the existing conditions are causing CSO/SSO's to occur

A Small amount of state land will have to be purchased-1.2 acres at \$27,000.00-the price is set at approved value.

Right of way permits (ROW permits) will have to be applied for and approved. Seventeen permits are required for this project. We have sixteen of these and one is pending.

We are hoping to have the bid package ready and approved by Council and on to Rural Development by February.

The new screening procedures will screen out 90% if items.

D. Reports and Communications

- Barr-House on Chippewa Avenue with an odor. This issue has been investigated from multiple agencies and investigation is ongoing, if someone calls and reports anything similar from Deer Street to US-2 Please encourage them to call Corey and he will notify the agencies working on this.

- Perilloux-talked about when to come to Council with a special request and referenced a handbook that he revised that was discussed at one of the August 2019 Council meetings.

- Ecclesine-asked for a follow up on the Coastal Waterways workshop

- Aldrich-2-year grant with drones took pictures of the coastal area and saved for viewing to track water levels on public land. They will be available to the public for viewing.
- Aldrich-Referenced the FYI for Council from the auditors
- Ecclesine-Asked when our next meeting would be
- Shiner-Thanked STC for the hard work and effort that has gone into the lighting contest
- Aldrich-discussed with Council the board openings

The regular meeting of the Manistique City Council adjourned at 7:49 p.m.
