2. Campground Operations Update.

Manager Aldrich memo. DPW Supervisor Nick Bosanic will be at the meeting to update Council on the operations of the Manistique Lakeshore Campground. Nick has taken on the task of supervising the Campground employees and has done an excellent job.

Nick will discuss the work that goes into keeping the Campground clean and orderly to make sure the campers have a good experience.

Nick will also answer any questions about the Campground operations.

Nick Bosanic was at the meeting and discussed the campground operations noting the following:

- The campground has been well received. With the entire campground being occupied almost every weekend.
- All of the rain we received this summer has really helped the grass grow at the campground.
- Ice and wood are selling very well at the campground.
- Campers and local citizens are enjoying the playground equipment.
- Nick would like to take out tent site 2 and make a site closer to the office. This would allow more space and privacy for tent campers.
- The campground workers have done a wonderful job keeping the campground clean.
- The need to possibly limit the number of nights campers stay at once was discussed.
- The kayak launch is constructed.
- Campers enjoy the litter bags they received when they check in.

Discussion.
