3. Paving Park, Washington and Center

Manager Sheila Aldrich memo- We are in the process of re-bidding our Eastside Project by breaking down the project into smaller segments. We do have a couple of streets that are not on the immediate schedule of utility replacement but are in dire need of paving. These streets see a large volume of traffic. With the work on Chippewa being done by Payne and Dolan we have asked Tom Ritter to give us an estimate to mill and repave Park Washington and Center. Please see the quotes attached. We would cover the costs of these streets with our Local Street Funds and are asking Council for your opinion.
